Greetings from the President

Dear Talladega College Community,

Your safety and security at Talladega College are of the utmost importance. I am pleased to introduce the Annual Security and Fire Safety Report for the 2021-2022 calendar year.

Talladega College is listed among the Princeton Review's best colleges in the Southeast; included in the U.S. News and World Report's Best Colleges guide in three categories - best HBCUs, National Liberal Arts Colleges, and Top Performers on Social Mobility; and Kiplinger's Best Value Colleges. Talladega College prides itself in providing the sound education in a safe environment. This report is designed not only to comply with the Jeanne Clery Disclosure of Campus Statistics Act, but also to communicate to all current and prospective campus community members, as clearly and comprehensively as possible, the policies, procedures, and services in place to ensure a safe environment for all members of the institution. The report is prepared by an extensive group of individuals including those within our Campus Police Department, Division of Student Affairs, and Title IX Staff.

Preventative measures are in place to assist in the very best experience possible. Awareness is achieved through various means including security presentations, orientations, and drills. Our campus community works diligently to reduce risks and potential for crime by maintaining a strong law enforcement presence and encouraging our student body to be educated and conscientious about safety.

Please call the Talladega College Campus Police at 256-322-3103 with any feedback or inquiries you may have about this publication. We at Talladega College strive to surpass your expectations, and our staff is here to help you around-the-clock.

Sincerely,
Dr. Gregory J. Vincent

Talladega College Police Department

Greetings from the Chief of Police

On behalf of our president, Dr. Gregory Vincent, and the members of the Talladega College Police Department (TCPD), I would like to thank you for your interest in our Annual Security and Fire Safety Report.

The TCPD is committed to maintaining the highest standards of professional ethics and integrity as we strive to maintain optimum levels of safety, security, and dissemination of timely information to all faculty, staff, students, and visitors to our campus. Through our ongoing commitment to the philosophy of "campus community involvement," it is with that effort in mind that we implore and include the highest levels of proven crime reduction and fire safety methods.

The TCPD will continue to work closely with its sister agencies, including the Talladega City Police Department, the Talladega City Fire Department, the Talladega County Sheriff's Office, and all other State Law Enforcement agencies, to aid in the suppression of crime and promotion of a safe and healthy college campus environment.

Here at TCPD, we are committed to protecting and providing professional and dedicated public service to the college community with courage, dependability, and integrity by living up to our motto, "Excellence is Our Culture."

Christopher Anderson Sr.

Talladega College Chief of Police/
Director of Campus Safety

Preparation of the Annual Security Report and Disclosure of Crime Statistics

The policy of Talladega College is to establish and implement safety and security-related parameters applicable to members of the TC community at all to comply with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1990, more commonly referred to as the "Clery Act. Complying with the Clery Act, a federal mandate, requires the institution to publish and distribute an annual report containing crime statistics, security-related policy statements and procedures, fire safety requirements and local regulations. Additionally, the institution is required to conduct a review to evaluate the effectiveness of the practices and implement changes to enhance services provided to students, faculty, and staff as necessary. Both the US. Department of Education and Talladega College are committed to ensuring that the institution remains in compliance with the Clery Act and strictly enforcing all applicable provisions of the Act.

Crime statistics are collected for crimes that occurred on-campus; in certain off-campus building or property owned or controlled by Talladega College; and on public property within, or immediately adjacent to and accessible from, the campus. Campus crime, arrest and referral statistics include those reported to the Police Department, local law enforcement agencies and designated campus officials (including but not limited to directors, deans, department heads, staff, judicial affairs, advisors to students/student organizations, athletic coaches), and local law enforcement agencies. Each year, an email notification is made to all enrolled students that provide the website to access this report. Copies of the report may also be obtained at any Talladega College Police Department building or by calling (256) 322-3103.

A description of this report is also located in the Student Handbook.

The Annual Security and Fire Safety Report is distributed to the campus community by October 1st each year.

About the Talladega College Police Department

Authority and Jurisdiction:

Alabama law provides university and campus police arrest powers for offenses committed on their designated jurisdiction boundaries and territories. The law enforcement efforts of the TCPD will generally be confined to properties of Talladega College. All officers may be deputized by the Talladega County Sheriff at the request of the Talladega College Police Chief when the need should arise.

The Primary Function of TCPD:

The key function of The TCPD is to protect the lives and property of the students, staff, faculty, and visitors. This is practiced by providing law enforcement services throughout the campus on twenty-four hours (24) a day, seven days a week basis.

To meet the needs of Talladega College's expanding properties, the TCPD patrols the campus, in patrol cars, ATV's, on bicycles, and on foot within their designated zones. The

officers of the department are dispatched by phone or via the communications center when a call is received requesting information or assistance. Through getting to know the staff of the TCPD, you will become aware that they perform not only law enforcement services but go above and beyond to increase positive interactions of the Talladega College campus community.

Officer Training:

The officers of The TCPD come to the department with varied backgrounds, not only in law enforcement but military experience as well. The goal of the department is to hire and retain diverse personnel, with both practical and professional experience in the field of Law Enforcement and Security. Potential candidates will be Certified Law Enforcement, experienced Security Officers, or college graduates with academic degrees in areas of Business Management, Healthcare Management, Education, Biology, Mass

Communications, and even Sociology,

Criminal Justice etc.

All members of TCPD attend specialized training beyond the state-mandated

requirements for their continued certification. These areas of training include but are not limited to:

- Active shooter
- Emergency management
- Customer service
- Taser training
- Report writing
- De-escalation
- COP
- Use of force

Working Relationship with Local, State, and Federal Law Enforcement Agencies

The TCPD works closely with its sister agencies, including the Alabama Bureau of Investigations (A.B.I.) and the Alabama State Patrol (A.S.P.) to aid in the suppression of crime and promotion of a safe and healthy college campus environment. Furthermore, TCPD relies on close working relationships with local law enforcement agencies to receive information about incidents involving students and recognized student organizations, on and off campus. In coordination with local law enforcement agencies, TCPD actively investigates certain crimes occurring on or near the campuses.

If TCPD learns more details of criminal activity involving students or student organizations, the department will coordinate with appropriate local law enforcement agencies, and forward information to the Office of Student Affairs. Those other first responder entities include, but are not limited to: Talladega Police Department, Talladega Fire Department, Oxford Police Department, The Anniston Police Department, District Attorney's office, Federal Bureau of Investigations (FBI), and United States Marshalls Office, and other State College/University Law Enforcement Agencies to aid in the above-mentioned task.

ANNUAL SECURITY REPORT

Reporting Crimes and Other Emergencies

Reporting to Talladega College Police Department

We encourage the college community to report all crimes that occur on the campus of Talladega College along with all suspicious activities to the TCPD. TCPD has a contact number for calls for service 24 hours a day for emergency and informational purposes. The Talladega College Police emergency and non-emergency number is **(256) 322-3103**.

During regular business days and hours, you can also contact the TC Police directly at the above-mentioned number or in person at **627 West Battle St., Talladega, AL. 35160**.

Voluntary and Confidential Reporting

If crimes go unreported, it limits the possibility of helping other members of the community from also becoming victims. We encourage the campus community to report crimes promptly and to participate in and support crime prevention efforts. If you are the victim of a crime or want to report a crime you are aware of, but do not want to pursue action with the institution or criminal justice system, we ask that you consider filing a voluntary report while maintaining your confidentiality.

The confidential reports allow the institutions to compile accurate records on the number and types of incidents occurring on the campuses. Reports filed in this manner are accounted and disclosed in the Annual Security and Fire Safety Report.

The purpose of a confidential report is to comply with your wish to keep your personal identifying information private, while taking steps to ensure your safety and the safety of others.

Anonymous Reporting

If you wish to report a crime anonymously, you can utilize the City of Talladega crime reporting tip line at **(256) 299- 0011**. Your information will remain confidential and forwarded to the TC police investigations unit.

By policy, we do not attempt to trace the origin of the person who submits this form, unless it is necessary for public safety. Persons may also report crime through the **Talladega 911 city government reporting system**.

When reporting crimes or suspicious activities to TCPD, be sure to give the following information:

1. Nature of the incident
2. Persons involved in the incident.
3. The number from where you are calling.
4. Your name and address for the police record
5. Any noticeable injury
6. Any noticeable weapon (s)
7. Any information you feel is necessary or important.

Should an assault or a sexual assault take place, report it to TCPD immediately. If an assault occurs, please do not disturb the scene by clearing or removing any evidence. It could be detrimental to the case. If evidence is found notify TCPD as soon as possible.

Reporting Crime Campus Security Authorities

While the institutions prefer that community members promptly report all crimes and other emergencies directly to the Talladega College Police at 256-322-3103 or 911, we also recognize that some may prefer to report to other individuals or institution offices. The Clery Act recognizes certain institution officials and offices as "Campus Security Authorities (CSA)." The Act defines these individuals as "officials of an institution who have significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, campus judicial proceedings, and faculty advisors to student groups. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution." While Talladega College has identified hundreds of CSAs, we officially designate the following offices as places where our campus community members should report crimes:

Talladega College Faculty / Staff	Official	Campus Address	Email Address Phone Number
Chief Christopher Anderson	Chief of Police/Cleary Coordinator	Campus Police Dept.	canderson@talladega.edu 256-322-3103
Brandon Harris	Student Activities	Student Activity Center 2 nd floor Rm	Bbharris@talladega.edu 256-761-8697

Mr. Michael Grant	Athletics	Student Activity	mgrant@talladega.edu 256-761-6201

--	--	--	--

Once information is given to a CSA it is deemed reported. The process does not initiate once the police department knows about it; it starts with the Campus Security Authority. Once a criminal accusation has been made to a CSA the information must be reported to the Police Department, Title IX Coordinator, the Office of Judicial Affairs, or the Clery Coordinator.

Counselors and Confidential Reporting

According to the Clery Act, pastoral and professional counselors who are appropriately credentialed and hired by Talladega College to serve in a counseling role are not considered Campus Security Authorities (CSA) when they are acting in the counseling role. As a matter of policy, the campus community encourages pastoral and professional counselors to notify those that they counsel when they are counseling them of the voluntary confidential reporting options available to them.

Security and Access to University Facilities

At Talladega College, administrative buildings generally are open from 8:00 a.m. until 5:00 p.m. The campus buildings may have additional hours pending approval for building usage from the building coordinators. Access to individual classrooms and laboratories are limited to those enrolled in the course meetings there. Many cultural and athletic events held in the campus facilities are open to the public. All building key control requests shall go through the campus police department.

Consideration for Residence Hall Access:

On the Talladega College campus, all residence halls operate under a computerized Access Control and Security Monitoring System or Residential Center Managers, which denies entry to all unauthorized persons. The side doors also have alarms which will activate for an extended amount of time if the door is opened. When a door is malfunctioning, personnel are summoned for an immediate repair.

Only residents and their invited guests are permitted in living areas of the residence halls. It is the resident's responsibility to ensure that his/her guest are aware of the campus and residence hall policies. Guests are not provided with room keys or access cards. A resident of the building must always escort guests of the opposite sex. It is the responsibility of residents and staff members to challenge or report individuals who cannot be identified as either residents or guests of residents.

The Talladega College Police increases officer presence near all residence halls after 10pm. Student workers (RNs), as well as Residential Center Managers (RCM's) are assigned to help monitor their residence halls. There are staggered holiday schedules put in place to ensure continued monitoring of all buildings. The access doors will remain locked.

Security Considerations for the Maintenance of Campus Facilities

TC is committed to campus safety and security. At Talladega College locks, landscaping, and outdoor lighting are designed for safety and security. Sidewalks are designed to provide well-traveled, lighted routes from parking areas to buildings and from building to building.

Environment Health & Safety, in conjunction with representatives from the Talladega College Police department, conduct surveys of the campus twice each year to evaluate campus lighting. On campus, there are adequate walkways, parking lots, and roadway lights that provide illumination on campus. We encourage community members to promptly report any security concerns, including concerns about locking mechanisms, lighting, or landscaping to the TC Police Department.

Campus Security Policies, Crime Prevention, & Safety

It's up to Each of Us

Talladega College takes great pride in the community and offers students, faculty, and staff many advantages. This community is a great place to live, learn, work, and study, however, this does not mean that the campus community is immune from all the other unfortunate circumstances that arise in other communities. With that in mind, Talladega College has taken measures to create and maintain a reasonably safe environment on campus.

Though the College is progressive with its policies, programs, and education, it is up to each of us to live with a sense of awareness and use reasonable judgment when living, working, or visiting, on campus.

Though there are many resources available, the campus police department must be notified of any crime whether an investigation continues, to assure the institution can assess all security concerns and inform the community if there as a significant threat.

Procedures Used to Notify the Campus Community

In the event of a situation that poses an immediate threat to members of the campus community, the College has various systems in place for communicating information quickly. Some or all these methods of communication may be activated in the event of an emergency to all or a segment of campus. These methods of communication include The ReGroup Notification System and the college email system, verbal announcements within a building, indoor and outdoor sirens, and the public address system on police cars.

The ReGroup Notification System

The ReGroup Notification System is in place to notify faculty, staff, students, and visitors of potential disasters, inclement weather, active shooter situations, and any other activities on campus. The system **WILL NOT** be used for routine communications.

Timely Warnings and Emergency Notifications

TIMELY WARNINGS:

If a serious crime arises, that, in the judgment of the Chief of Police or the College Administration, constitutes an ongoing or continuing threat, a campus-wide "Timely Warning" will be issued. The warnings are sent out as soon as the pertinent information is available. Timely Warnings will be issued in a manner likely to reach the entire campus community; therefore, they will be issued through the Connect 5 system to students, faculty, and staff. The message will usually contain guidance about how to avoid victimization and contact information in addition to the actual warning.

Anyone with information warranting a timely warning should report the circumstances to the Talladega College Campus Police by phone at 256-322-3103 or in person at the station.

EMERGENCY NOTIFICATION SYSTEM

If any significant emergency or dangerous situation occurs involving an immediate threat to the health or safety of students, faculty, and staff on the campus then an "Emergency Notification" will be issued without delay upon confirmation of the emergency by responsible authorities. Notifications can be localized to one area or building, but they may also be issued campus wide. Means of dispersal of the notification will be dependent upon the nature of the emergency.

Steps to Ensure Notification

- Be sure to update your information via the Campus IT Department yearly and/or when changes occur
- If your contact information has changed since your enrollment or hire date be sure it is updated through the IT department.
- When "Text Messages" through the ReGroup system is dispersed, be sure to acknowledge that you did or did not receive notification.

Safety Programs:

Talladega College Police, Student Affairs, Housing, Residential Life, and other organizations shall present the following safety programs on a regular basis as well as provide these programs upon the request from any campus department or organization:

- Drugs/Alcohol abuse and prevention
- Sexual Assault Prevention
- Campus Watch
- Crime Prevention
- Theft Prevention
- Civil Liability for Student Organizations
- Domestic Violence Prevention
- RAD (Self Defense for Women and Men)

In our efforts to promote safety awareness, the TC Police maintain a strong working relationship with the community. This relationship includes offering a variety of safety and security programs.

To request a safety program presentation, submit a written request at least five (5) working days in advance to the director or coordinator of any

programming unit on campus. The Director/Coordinator of the unit will then advise you on the availability of an internal or external instruction.

Safety tips for students:

YOU should immediately report any crime, suspected crime, suspicious circumstances or person to the TC Police Day or night.

- Never leave your personal property unattended. If leaving your room lock the door. If leaving any classroom, office or in the library, take your possessions with you.
- When walking on or off campus at night employ the "Buddy System" and walk with

friends. Also, let friends know when and where you are going, how long you are going to be gone, and what time you are expected to return. This alerts them if you are overdue and gives them a reference point to locate you. When walking focus on your surroundings until you get to your destination. Don't text and walk, distracted people are easy targets.

- Park your vehicle in a lighted parking area. Always lock your vehicle. Do not forget to take the keys out of the ignition. Do not leave CD's, tapes, or other valuables in plain sight. Lock them in the trunk or take them with you.
- Properly lock and secure your bicycle to a bike rack. Use a strong chain and lock.

Faculty, Staff, and Students Crisis Response

Talladega College has resources and professionals to deal with a crisis that may take place on its campus. The focus is to narrow down the time, focus on intervention, identify the crisis, confront, and resolve the crisis, restore equilibrium, and support appropriate adaptive responses.

Suicide Protocol and Procedures

The College needs to be aware of the need to be prepared to assist students who express extreme emotional distress. Some students who are under stress may have suicidal thoughts or attempt suicide. It is very important that all universities and colleges develop protocols so that the campus can handle crisis situations in a methodical and consistent manner.

All procedures **MUST** be followed by the faculty and staff of Talladega College.

Take any threat of self-harm seriously.

1. Immediately Call 911 and TC Police Department (TCPD) (256) 322-3103
2. Please remain calm and call/send for help.
3. Please remain with the student until proper authorities arrive to secure the location if it is safe to do so. Do Not Leave Person Alone.
4. TCPD will contact the Student Services Counseling Director, and/or Housing Director and/or other resource persons at Talladega College.
5. TCPD or the Counseling Director will determine who will accompany the student to the medical facility and contact Student Affairs.

If a student requires transportation to a psychiatric facility for further evaluation, that process will be more productive if the Counseling Director and/or staff contact the facility, either by phone or in person, to give them the information about the person and potential diagnosis. This information will help the facility personnel conduct a better evaluation.

6. The Vice President for Student Affairs will contact family members or the guardian of the student if necessary.
7. The Counseling Department will provide counseling to those who may have been affected by the events.
8. File a report of incident It is very important to have proper documentation of the incident.

Missing Person Policy

Introduction

Talladega College (TC) is committed to creating and preserving a safe and secure environment for its campus constituents. To support this commitment, this Policy sets forth rules and procedures to be followed in the event a person who resides in an TC campus housing facility, is participating in an TC sponsored activity, and/or is an enrolled student is reported missing.

Purpose

The Clery Act requires institutions that maintain on campus housing facilities to establish policies and procedures to address reports of missing students. Since individuals other than those enrolled in classes at TC may reside in the campus housing facility, the intent is to cover those persons as well.

Definition

Missing Person: For the purpose of this policy, the term "missing person" generally refers to any person who was residing in a TC residential facility, participating in a TC sponsored/sanctioned activity, and/or enrolled as a TC student at the time he/she is believed to have gone missing.

Scope

Although there is no time frame for an unaccounted-for person to be missing before a report is made, this policy outlines the actions which will be taken when a person is reported missing, and it is determined that he or she has been missing for 24 hours or greater.

Policy

Members of the college community should immediately report a missing person(s) to the Talladega College Police Department (TCPD) by calling 256-322-3103. Within the College, responsibility for investigation of a missing person report rests with the TCPD. There is no waiting period for reporting a missing person. Responding officers will carefully record and investigate the factual circumstances surrounding the disappearance in accordance with Departmental directives. Particular care will be exercised in instances involving those who may be mentally or physically impaired or others who are insufficiently prepared to care for themselves.

Consistent with the Clery Act, **Talladega College (TC)** has established the following policy:

Any individual who believes that a currently enrolled TC student is missing should immediately notify the TCPD at 256-322-3103. Following receipt of this information, the Department will commence an investigation. Should the investigation result in the conclusion that the student is missing, and has been missing for 24 hours, the Department will notify other law enforcement agencies as appropriate as well as the student's emergency contact within a span of time not to exceed 24 hours from the time the student was determined to be missing. In addition to notifying Campus police, certain campus officials who are deemed Campus Security Authorities (CSA) by Federal law may be notified when a student is believed to be missing.

CSA include, but are not limited to, the Dean of Students, athletic coaches, and advisors to student organizations, as well as faculty members. The CSA will promptly notify the College police of the possible missing student. Should the Campus police investigate and determine that a student is a missing person, the Registrar, dean of students, director of Residence Life, chief of Police or their designee will be immediately notified to verify the appropriate missing person contact information. All students have the option to designate an emergency contact who will be notified by TCPD if the student has been missing for 24 hours.

If the TCPD, after investigation, determines that any person residing in one of TC's residential facilities has been missing for 24 hours, the chief of Police or his/her designee will, within 24 hours after making such a determination, notify the missing person's designated contact that the individual is missing. If the missing person is under the age of 18 and is not emancipated, the chief of Police or his/her designee will also notify the student's parent or legal guardian within the 24-hour period after the TCPD has determined that the person is missing in addition to the contact person designated by him or her.

Reports of missing TC students who do not reside in on-campus housing will be referred by TCPD to the municipal police department having jurisdiction over the student's local residence, if known, or the student's permanent residence if a local residence cannot be determined. If a student is reported missing while participating in a TC sponsored/sanctioned event including, but not limited to, global sites or sponsored travel, reporting individuals should contact the TC Police Department as well as the police department having jurisdiction over the student's last known location.

All students may confidentially identify and register one or more individuals to be contacted if the student is determined to be missing. It is the student's responsibility to elect an emergency contact person. The contact person may be anyone including, but not limited to, the person the student has otherwise identified as an emergency contact. Students may register and update this contact information within the student records system each term they are enrolled. Only authorized college officials will have access to the contact information, and it will not be disclosed, except to law enforcement personnel to further a missing person investigation.

The Student Code of Conduct also sets forth administrative and judicial procedures whereby those students who are accused of violating rules and policies may be afforded due process and fair and just sanctions. TC is committed to protecting the full constitutional rights of its students. TC and the members of the community have equal obligations to one another in protecting the educational environment. Talladega College Annual Fire Safety Report

The Higher Education Opportunity Act enacted on August 1, 2008, requires institutions that maintain on-campus student housing facilities to publish an annual fire safety report that contains information about campus fire safety practices and standards of the institution.

Fire Safety• Talladega College takes fire safety very seriously and continues to enhance its programs to the university community through education, engineering, and enforcement. Education programs are presented throughout the year to faculty, staff, and students so they are aware of the rules and safe practices. These programs, which are available at designated campus locations, include identification and prevention of hazards, actual building evacuation procedures and drill, specific occupant response to fire emergencies and hands-on use of fire extinguishers.

All residence halls have emergency evacuation plans and conduct fire drills twice a semester (September, November, February, and April) during the school year to allow occupants to become familiar with and practice their evacuation skills.

Talladega College has been a leader in ensuring the safety of students, faculty, staff, and visitors who live and work in university operated residences. Automatic sprinkler systems and fire alarm systems are recognized engineered building features that help to provide for a fire safe living environment. All residence halls and apartments are provided with automatic sprinkler systems, smoke detectors and building fire alarm systems to provide early

detection and warning of a possible fire emergency. Additionally, Food Service staff members at both institutions are trained annually on hands-on use of fire extinguishers and emergency procedures in the event of a fire.

The College maintains and tests all fire alarms and automatic fire suppression systems in accordance with the appropriate National Fire Protection Association Standard to insure system readiness and proper operation in the event of a fire emergency.

The College has adopted and developed numerous Safety Policies and Guidelines to help promote a safe living and work environment at all University locations.

Talladega College Emergency Response Plan

I. Introduction

Talladega College is committed to providing a safe and secure environment for its students, faculty, staff, and visitors. To effectively respond to emergencies and critical incidents, this Emergency Response Plan has been developed. This plan outlines the procedures and protocols to mitigate, prepare for, respond to, and recover from various emergencies, ensuring the safety and well-being of our campus community.

II. Purpose

The purpose of the Talladega College Emergency Response Plan is to establish a comprehensive framework for responding to emergencies and critical incidents on campus.

This plan aims to:

- Protect the lives and safety of individuals on campus.
- Minimize property damage and operational disruptions.
- Ensure a coordinated and effective response to various emergencies.
- Provide guidance to campus personnel, students, and visitors on how to respond to emergencies.

III. Scope

This plan applies to all members of the Talladega College community, including students, faculty, staff, and visitors. It encompasses a wide range of potential emergencies, including but not limited to natural disasters, medical emergencies, fire incidents, acts of violence, and hazardous material spills, and defines procedures for escalating response based on threat levels.

IV. Objectives

The objectives of the Talladega College Emergency Response Plan are as follows:

1. **Life Preservation:** To prioritize the safety and well-being of individuals on campus by providing clear instructions for evacuation, sheltering, and first aid during emergencies.
2. **Property Protection:** To minimize property damage and financial losses through prompt and effective response actions.
3. **Coordination and Communication:** To establish a framework for communication and coordination among campus personnel, local authorities, and emergency responders.
4. **Training and Preparedness:** To ensure that all members of the campus community are well-trained and prepared to respond to various emergency scenarios.
5. **Continuity of Operations:** To facilitate the continuity of essential campus operations during and after emergencies.
6. **Ongoing Improvement:** To regularly review and update the plan to incorporate lessons learned and adapt to changing threats and circumstances.

V. Campus Threat Levels

A. Level One (I) Threat (Highest Threat Level)

1. Definition: A Level One Threat indicates a severe and imminent danger to the campus community, such as an active shooter, major natural disaster, building fire, or terrorist threat.

2. Response:

- a. Immediate lockdown of the campus.
- b. Mobilization of law enforcement and emergency services.
- c. Activation of emergency notification systems.
- d. Evacuation of affected areas.
- e. Continuous communication with authorities and the campus community.

B. Level Two (II) Threat

1. Definition: A Level Two Threat signifies a significant but not immediate danger, such as a credible bomb threat, severe weather threat, or a large-scale protest that could escalate.

2. Response:

- a. Heightened security measures.
- b. Increased law enforcement presence.
- c. Evacuation or shelter-in-place directives if necessary.
- d. Campus lock down.
- e. Communication with relevant authorities and community members.

C. Level Three (III)Threat (Lowest Threat Level)

1. Definition: A Level Three Threat represents a situation with minimal immediate danger but requiring attention, such as building fire alarm, minor campus disturbances or non-urgent incidents.

2. Response:

- a. Enhanced vigilance by campus security.
- b. Monitoring of the situation.
- c. Coordination with local law enforcement, if needed.
- d. Communication with appropriate campus personnel.

Evacuation, Shelter, Place of Refuge

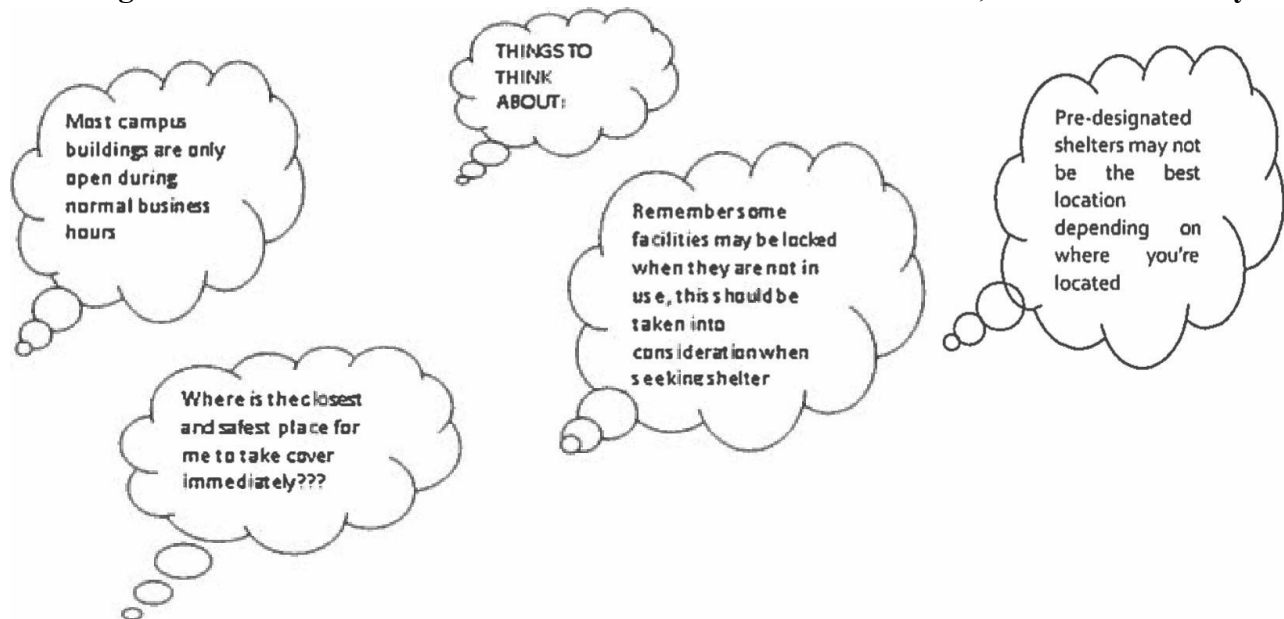

The evacuation/shelter plan is to be implemented upon notification from the TCPD. In the event of building evacuation, all students, faculty, staff, and visitors are to proceed to the nearest exit (if not obstructed) and meet at the designated areas and remain until accounted for by a designee. In the event of a tornado warning or severe weather conditions, all students, faculty, staff, and visitors are to proceed to the designated shelters, and or safest place of Refuge, within each facility on campus and remain until accounted for or conditions permit departure. Detailed list on next page.

- During a contained incident, local law enforcement and fire departments will provide evacuation and search and rescue services, as resources allow. Other organizations may help, including health, engineering, and local organizations, such as the American Red Cross.
- In a large-scale incident, local fire and law enforcement capability may be overwhelmed due to evacuation and emergency search and rescue operations.

The shelter list can be altered to fit circumstances. If by any chance students, faculty, or staff are unable to locate a designated shelter, seek place of refuge.

A **place of refuge** is a location that provides individuals with safety and security in the event of a natural catastrophe or other emergency when typical shelters are either full or unusable. Usually, these locations are equipped and designated to offer temporary safety from the disaster's, immediate threats, such floods, wildfires, or storms. Although they might not offer the same comforts and conveniences as official shelters, they are nonetheless crucial to protecting the security and welfare of individuals impacted by the calamity. It's crucial to remember that local emergency preparations and resources might have an impact on the precise features and accessibility of places of refuge. When seeking shelter in a place of refuge, always stay clear of windows, go to the lowest level, and do not use elevators. Bathrooms and hallways are also a good option.

Pre-designated Shelters are used when conditions aren't inclement, and time is on your side.

DISASTERS

CHEMICAL OR RADIATION SPILL/EXPLOSION

Shall require a Level II response.

1. Any spillage of a hazardous chemical or radioactive material is to be reported immediately to Campus Police who shall in turn contact the hazardous material member of the Emergency Response Team.
2. When reporting, be specific about the nature of the involved material and give the exact location.
3. The key person on the site should vacate the affected area at once and seal it off to prevent further contamination of other areas until arrival of Campus Police personnel.
4. Anyone who may be contaminated by the spill is to avoid contact with others as much as possible, remain in the vicinity, and give their name(s) to the Campus Police.
5. If an emergency exists in your building, activate the building fire alarm.

Mental Health Crisis Response

Definition: A psychological crisis exists when an individual is threatening harm to themselves or to others or is out of touch with reality due to severe drug reactions or a psychotic break. A psychotic break may be manifested by hallucinations or uncontrollable behavior. A psychotic episode may also involve a person from a neighborhood hospital or a hallway house walk-away.

IF A Mental Health Crisis Occurs

1. Never try to handle on your own a situation you feel is dangerous.

a. Hospitalization Procedures

If a student in the care of Counseling & Wellness (C&W) should require hospitalization due to a mental health issue during normal business hours, C&W staff will facilitate the hospitalization process. In the case of a voluntary hospitalization, with consent C&W will assist the client in contacting a hospital and coordinating necessary steps for treatment. In cases of voluntary hospitalization, it is preferred that Talladega College Campus Police (256) 322-3103 or Talladega City Public Safety (256)-362-4163 is contacted to assist with medical transportation to the hospital. Response to Notice

Use the Nearest Exit or Exit Stairwell: Immediately exit the building upon hearing an alarm, even if you have not seen smoke or fire. Use the nearest stairwell to exit.

Do not wait for confirmation of an actual fire or assume the alarm is a false alarm.

Evacuate immediately, even if fire and smoke are not apparent.

Do not use the elevator. Elevators enter a "fire service" mode and may not respond to calls when the fire alarm system has been activated. Occupants may become trapped in elevators.

Do not attempt to locate the fire.

Do not attempt to fight or extinguish the fire.

Do not re-enter the building until the fire department gives authorization.

Once safely outside, call Campus Police at (256) 322-3103.

INCLEMENT WEATHER/DECLARATION OF SCHOOL CLOSING

In situations where adverse weather conditions may lead to the potential closure of the institution, a collaborative decision-making process is initiated. This process involves a meeting between the President or their appointed representative and the Provost, with input from the Chief of Police to assess the operational status of the College. Ultimately, the authority to determine campus closure rests with the President, their designee, or the Provost. Following this decision, the Chief of Police promptly notifies the Vice President of Student Affairs to ensure timely dissemination of information.

In the event that the decision is made to close the institution due to inclement weather, the Vice President for Student Affairs is responsible for notifying the Director of Communications, triggering the initiation of the "Inclement Weather/Declaration of School Closing Procedures."

Closure of campus requires a Level II response.

Supplies and Provisions

As for equipment and supplies, it is the responsibility of Student Housing to ensure the availability of the following:

1. Emergency lighting and batteries.
2. Adequate heating provisions.

TORNADO/SEVERE WEATHER GUIDELINES

THE FOLLOWING GUIDELINES SHOULD BE ADHERED TO THE NATIONAL WEATHER SERVICE ISSUES A "TORNADO WARNING" ACTIVATING THE COUNTY SIREN SYSTEM.

At this time, when the NWS issues a TORNADO WARNING, it is done so for all counties in Alabama. While the potential tornado may be across the county from Talladega College, the campus will initiate the tornado plan immediately. Helpful items to take to your safe area would be a radio (battery powered preferably), and a flashlight if available.

The EMA activates the county siren county siren system for TORNADO WARNINGS only. Additional soundings indicate that the warning has been extended, and not that the threat is over. There is no siren activated to indicate the termination of a warning. Thus, you should stay in your safe area until notified by the Campus Police or by the local media.

REMEMBER

If indoors, in class, residence halls, or elsewhere on campus, report to the pre-designated tornado "safe area" in your building. If that location is unknown seek refuge in a doorway, interior hallway, under a desk or table, on the lowest floor of the building. Stay away from windows and exterior doors.

If outdoors and unable to get to shelter, seek a ditch or depression in the ground and lie flat on the ground. CAUTION: Avoid power or utility poles as they may be energized.

If in an automobile, stop as quickly as safety permits. Exit the vehicle and seek shelter in a ditch or depression in the ground and lie flat. CAUTION: Avoid power or utility poles as they may be energized. Remain in the safe area until the warning has passed or when conditions permit.
