

HELP STUDENTS EXPERIENCING HARDSHIP

**DONATE TO
STUDENT CARE
EMERGENCY ASSISTANCE FUND**

URGENT MESSAGE FROM THE PRESIDENT

During this time of great uncertainty, Talladega College is transitioning to virtual instruction in order to protect our students, faculty, staff, and community members.

As we negotiate the health and safety challenges the COVID-19 pandemic has presented, we must also be mindful of the financial impact it is having on many students.

Please help today by contributing to the Student Care Emergency Assistance Fund (SCEAF) - [click here to give now](#). Your contribution will directly benefit a Talladega College student by providing relief for financial hardships such as:

- **Travel expenses related to returning home**
- **Housing and food insecurity**
- **Technology required to access virtual learning**
- **Lost wages due to coronavirus-related closings**

For over 150 years, Talladegans have come together to support one another in times of need. In keeping with this tradition, I hope that you will help our students during this time of crisis by giving generously to the Student Care Emergency Assistance Fund.

Thank you.

Sincerely,

**Dr. Billy C. Hawkins
President**
